

Weekly Newsletter

From the City Administrator

Dear Tool,

Another busy week in Tool! But, I wanted to share an update on the 501(C)3 board with the city and also local education.

Staff received a letter from the IRS asking us for additional information for the board to become a 501(C)3. Staff plans to resubmit the paperwork by next week, moving forward in the process of establishing a stable structure for the park to be built – pending City Council's approval. If you're unaware of what the Park Board is, it is the fundraising "arm" of the city, using donated funds to go directly towards the development of the Eight at Tool. We will keep you updated on this progress as it comes.

Highlighting education again, Staff visited Career Day at Malakoff High School. We are always tasked with and appreciate sharing the good news about the city of Tool. Staff visited with high schoolers, as well as fourth and eighth graders from our area.

If you're able to attend, Tool Staff is hosting the last park informational at 6 p.m. here at the Oran White Civic Center on Monday evening. We hope to see you there!

Tool, Together.

Sincerely,

Julius Kizzee
City Administrator
