

Weekly Newsletter

From the City Administrator

Dear Tool,

Thank you for supporting staff's initiative to get all of the information that we have up to date on the status of the proposed park. During the month of September, staff hosted several Park informationals in which we solicited the opinions of all the citizens who attended. I truly believe that an informed public is an engaged public. The next steps are to establish a Park Committee, which will be tasked with a consistent input on the park's operations including revenue, maintenance, event planning, etc. If you would like more information on that or if you would like to be a part of the park committee, please email us at contact@tooltexas.org or you may always call us at (903) 432-3522.

As you may know, we are currently looking to employ the city's next Building Official and Code Enforcement Officer. This week, we conducted four interviews with quality candidates. We believe that Tool is a great place to live and work. Through the interviews, I acknowledge not only the progress and strides that we make as a city, but the objectives that we have today. Being transparent is very important to me.

Before the week ends, I wanted to mention a happy Homecoming to all of those young and old in the area that are celebrating!

Tool, Together.

Sincerely,

Julius Kizzee
City Administrator
