

# Weekly Newsletter

From the City Administrator

Dear Tool,

Things are definitely moving and shaking in town! If you have not heard, the newest business in Tool, Gab's Sandwich Shop, is open!

The shop sells sandwiches, salads, soups and more! It is a pleasant and quaint lunchtime meal. I hope you can stop by and enjoy one of their fine meals!

Lastly, I wanted to appreciate two outgoing members of council and wonderful people.

First, I wanted to say thank you to Mr. Gary Sestito. Mr. Gary has been a trailblazer for the Eight at Tool Park, but also helped me tremendously learn the ropes of the city. I am indebted to him for his dedication to seeing the city become a better place and being a patient and thorough individual, at least once a month at the council meetings and beyond! Mr. Gary will always hold a high regard in my eyes.

Secondly, Summer Harrison. If you do not know Summer, she is a joyful and bright person who always has the best interest of city employees at heart. But that is not all. She is very involved and influential at Tool Elementary as well. I know Summer's heart means well, even when she questions things! Her heart is in the right place.

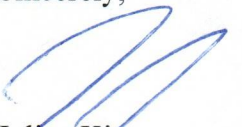

Thank you to both Mrs. Harrison and Mr. Sestito. I also want to welcome Mr. Greg Figueroa, Mr. John Brasfield and Mr. Mark Holley.

Lastly, Robert Walker is our new Chief of Police for our great city. If you see him out and about, please say hello if you don't mind! I know he will gladly appreciate it.

Happy Thanksgiving to you and yours! Please be safe and healthy during the holiday!

Tool, Together.

Sincerely,

Julius Kizzee  
City Administrator
