From the City Administrator

Dear Tool,

I want to personally tell you Happy Holidays and good cheers going into the new year.

This week, the Park Committee and Park Board met to go over the latest bid from Red River Recreation that was last quoted at \$1.9 million this past December. The city and these two groups are looking at narrowing the priorities down to get the bid down to \$1.5 million. These groups will continue to work and have a dialogue on the proposed Eight at Tool park project.

From the staff, city council and the city, we want to tell everyone Happy Holidays.

Tool, Together.

Sincerely,

Julius Kizzee
City Administrator
